**TO:** Accounting and Information Systems Majors  
**FROM:** Department of Accounting and Information Systems Student Awards Committee  
**SUBJECT:** Awards and Scholarships

Each year the Department of Accounting and Information Systems gives awards and scholarships to deserving students whose **primary major** is Accounting and Information Systems. If you wish to be considered you must apply online through Scholarship Central in addition to completing the following information and returning the form with a resume and an unofficial transcript to 3007 Pamplin Hall by January 22, 2020. **PLEASE PRINT LEGIBLY.**

The ACIS Department offers both non-need and need-based scholarships. In order to receive a need-based scholarship, you must have filed a 2020-2021 Free Application for Federal Student Aid (FAFSA). Students may apply for non-need based scholarships without completing a FAFSA. If you want to be considered for both need and non-need based scholarships, then you must file a FAFSA. International students will file an Estimated Family Contribution (EFC) Calculator in lieu of a FAFSA with the same deadline. Refer to <http://www.finaid.vt.edu> if you have questions.
